Proceedings of the Meeting of Council dated 25th Feb.1942.

Addl.Sub.No.11.-

Letter No A.R.P.T B 6/8-2-42 from the A R P.Controller for Bangalore City suggesting the purchase of at least 50,000 empty cement bags filled with sand for checking fires,etc

Mr M A Gopalaswami Iyengar observed that he had read in the papers that the Executive officers of the Municipality had been selected to serve on the several committees connected with the A R.P while the Council had not been intimated of whether the President at least had any reference from the concerned authorities

The President informed the Members that the Vice-President had received communications from the A R P Officer asking whether they would serve on the Committee and that they had written stating inability and read out the correspondence for the information of the House

Mr.L S Raju observed that it was not right on the part of the concerned authorities not to have recognised the Municipal Council and consulted them before hand, but now they wanted the Council to purchase 50,000 bags and wanted to know why the Council was ignored He further said that this question of purchase of sand bags had already been discussed and decided by the Council on the proposition of Mr Ramalal Thiwari on the 18th instant and therefore there was no necessity to consider it again at this stage. He therefore moved that this letter may be recorded with the observation that this Council had already passed a resolution approving the purchase of sand bags on a previous occasion

This was approved by the House

Hon President.
